SCIENCE HALL
ERECTED IN MEMORY
OF ELIAM E. BARNEY

(By Staff Correspondent.)
Granville, O., March 30.—For the first time in its long history, Denison University had a disastrous fire this morning. The \$100,000 loss is protected by \$40,000 insurance. Many valuable instruments and scientific collections of books and specimens were destroyed. The Science Hall will be rebuilt at once.

THE INSURANCE.

Granville, March 30.—Prof. Chamberlain at 3 o'clock this afternoon gave the following insurance held on Science Hall:	
Phoenix, Brooklyn	\$500
Aetna, Hartford	3000
Columbia, Dayton	4000
Northern Ins. Co., London	3750
The London Assurance Co.	3750
Hartford, Hartford, Conn.	3375
Ins. Co. of North America	4000
Phila. Underwriters	1250
Home Ins. Co.	3375

Hartford of Conn.	2125
Phil. Underwriters	3750
Royal Ins. Co.	3000
Total	\$37,500

Granville, Ohio, March 30.—Science Hall, the pride of Denison University, is in ruins and nothing now remains but the naked walls to mark where but yesterday stood one of the most costly and beautiful buildings of Denison. Thousands of the friends of the college all over the state, and specially the hundreds of students who, only a few short hours before, had left for their homes to spend the spring vacation, will read with deep regret of the burning at an early hour this morning of this building, together with a large part of its valuable contents. Shortly after one o'clock this morning as Messrs. Clay Van Voorhis and Robert Pond were returning to Granville from Newark, where they had been in attendance at a dance, they discovered flames issuing from the northwest corner of Barney Science Hall. Although they were fully half a mile from town when they discovered the fire, they soon reached the village and turned in the alarm.

It was some time, however, before a sufficient number of the members of the volunteer fire department could be rounded up to man the hose reel, and by the time the firemen had arrived on the scene, the fire had gained considerable headway, the entire upper floor of the west wing of the building being in flames.

When the hose was first attached to the water plugs it at once became apparent that the building was doomed, as the water pressure was so light that a stream of water thrown on the building did not reach the second floor. The flames steadily ate their way through the building, notwithstanding the heroic efforts that were made to prevent the spread of the fire, and soon the entire structure was a seething mass of flames, while dense volumes of black smoke poured out the windows of the doomed building, and as the fire reached the chemicals frequent explosions occurred.

Science Hall was erected about 12 years ago by Mr. Eugene Barney of Dayton, O., as a memorial to his father Eliam Barney, under the careful supervision of Prof. A. D. Cole, at a cost of \$45,000. The building was one of the largest and finest built structures for its purpose in the country. In addition to the building itself, there had been gathered scientific appliances to the value of \$45,000, and which was the result and research of the construction among the scientific faculty.

Dr. Herrick, of the department of biology, the foremost living authority on the neurology of fishes, and the managing editor of the Journal of

Comparative Neurology and Psychology, which is published by the Denison University press, with collaboration by members of the faculty of Harvard, Columbia, Chicago and foreign universities, has lost many valuable appliances in biology. Prof. Clark Wells Chamberlain of the Physics department, lost his two recently constructed machines, the most delicate measuring instruments known to science, and which he was expected to exhibit before the American Physiological Association at Chicago on the 22d of April. One of these instruments was exhibited before the scientific faculty of Chicago University and other institutions in Chicago last year. The other instrument had just been completed, but had never been exhibited. Their loss is irreparable, as they were the only instruments of the kind in existence.

The Botanical department, in charge of Prof. C. B. Stickney, and the department of Geology, under Prof. Carney, will both be heavy losers. Considerable of the loose apparatus was taken out of the building, but some of the most valuable articles could not be reached, and went up in smoke.

One of the most serious losses in connection with the fire is the scientific library, which had been collected through years of hard work, having been begun through the efforts of the late Dr. Clarence L. Herrick.

The Scientific department of the university had an exchange list with the principal scientific publications of this country and Europe, and these formed a most valuable collection for the purpose of research.

Denison has been noted for its scientific work, having one of the most complete plants for work in scientific lines of any of the colleges as distinguished from the technological schools. The prominence and high standing of the scientific work of Denison University has been due largely to the efforts of Dr. Clarence L. Herrick, who was twice a member of the faculty of Denison University; again at the University of Cincinnati; then president of the University of New Mexico, where he died a few months ago.

The work of Prof. A. D. Cole who went from Denison University to the Physics department of the Ohio State University three years ago, admirably supplemented this work, as the building had been erected under his careful supervision to meet the requirements of a science building.

The work of Dr. Judson C. Herrick has made the university noted, both in this country and in Europe, especially in neurological lines. The Journal of the American Society of Geology last year named Denison University as one among eight American institutions notable for its special scientific work in the line of geology.

Prof. Carner, professor of geology, is mourning the loss of his geological cabinets. A singular coincidence in connection with Prof. Carner's loss is that his predecessor, Dr. T. L. Watson, had just suffered a complete loss of his collection at the Virginia Military Institute at Blacksburg, Va.

One of the most recent endowments has been the raising of funds to procure the valuable scientific library of the late Prof. C. L. Herrick, which had been secured and stored in the scientific library of the university, in this building and which was also destroyed.

The fire was first discovered in Prof. Ince's laboratory, but its origin is not known.

The loss is estimated at about \$100,000, on which there is an insurance of about \$40,000; \$25,000 on the building and \$15,000 on the contents.

The building committee is to meet on Tuesday, when arrangements will be made to commence the rebuilding

of the structure at once, so that it will be ready for occupancy by the beginning of the fall term.

President E. W. Hunt, the faculty of the college, the students and citizens generally worked hard all night fighting the fire, and by their efforts kept the flames from spreading. A stiff wind from the west sprang up during the fire and blew the sparks away from the town, otherwise a terrible conflagration might have ensued.

NOBODY TO BLAME

For Explosion in Grover Company's Shoe Plant at Brockton, Mass., a Few Days Ago.

Brockton, Mass., March 30.—A statement that no evidence had been adduced to show that any person was criminally liable for the explosion in the R. B. Grover company's shoe factory here last week, which caused the death of 58 employees, made by District Attorney Asa P. French, concluded an inquest held in the police court to determine if possible the cause of the accident and to place responsibility for it. Mr. French informed the court that he had thrown all the light he believed possible upon the cause of the explosion, and said that he believed it to be shown that the explosion was due to a hidden defect in the factory boiler. Judge Bixby announced that he would review the evidence and report later.

STANDARD OIL

Refuses Concessions to Kansas Dealers—Believed to be Retaliation for New Law.

Topeka, Kas., March 30.—In a spirit of what is believed to be retaliation for the anti-discrimination law passed by the last legislature, the Standard Oil company has discontinued giving jobs to and wholesalers in Kansas concessions in prices on refined oil and gasoline. The effect of this order will, it is said, be to take the business of handling kerosene away from the wholesalers, who will now have to pay the retail price for these commodities.

SIXTY THOUSAND IDLE

Central Pennsylvania Miners and Operators are Unable to Agree Upon Terms.

Altoona, Pa., March 30.—The central bituminous district of Pennsylvania is threatened with a suspension of work on the part of many thousands of coal miners. The operators' and miners' delegates, after being in conference in this city almost continuously since March 16, endeavoring to agree upon a wage scale to go into effect April 1, adjourned finally without coming to an agreement. The failure to agree means a suspension of work by the 65,000 organized miners of the district at the end of the present week. When the joint scale committee met, the operators stood upon their proposition for a 10 per cent reduction for the first half of the year, approaching mining year and the present scale, based on 62 cents for pick mining, for the second half of the year. The miners' ultimatum demanded a renewal of the present scale for the full year. No agreement being possible, the scale committee adjourned finally. The action of the miners on the committee was approved by the miners' convention, which then adjourned. It was decided to meet next year in Clearfield, Pa.

ASKS PRESENCE OF WARSHIP

Intimates in Cable That There Will
Be Something Doing There
This Week.

Washington, March 30.—The state department has received a cablegram from American Minister Powell saying that serious trouble is impending in Hayti and it is doubtful whether the authorities can maintain peace and order on March 31 and April 1. The state department immediately requested the navy department to dispatch a war vessel to Port au Prince. The state department officials are unable to explain the significance of the dates March 31 and April 1, mentioned in the cablegram from Minister Powell as the days on which trouble might be expected in Hayti.

J. N. Leger, the Haitian minister in Washington, said he was greatly surprised to hear of Minister Powell's cablegram, as he was not aware of any threatened trouble in his country. He has telegraphed to the president of Haiti for information on the subject. Later the minister had a talk over the telephone with the Haitian commissioner in New York, who said he had received a dispatch from the president of the republic and that it contained no reference to a possible uprising. The minister is unable to understand why the specific dates of March 31 and April 1 are mentioned. So far as he is aware there is nothing of an unusual nature to occur on those days.

Professor Jacob H. Hollander of the Johns Hopkins university, who has been appointed special commissioner to Santo Domingo by President Roosevelt, will sail from New York on Saturday morning on the Caracas for San Juan. He will return to Baltimore about the middle of May. Professor Hollander said that his mission is purely for the purpose of studying the conditions in Santo Domingo, so as to be able upon his return to make a verbal report to the president, who is anxious to know just what the financial industrial status of the people is.

Collector For San Domingo.

Baltimore, Md., March 30.—William E. Gould, appointed collector for San Domingo, is a New Yorker, though he has resided here for some time past. He is a graduate of Johns Hopkins and has made a special study of the Latin languages. At present he is doing financial editorial work on the staff of the Evening Herald of this city. He is understood to have made sometime ago application for appointment to some post where his knowledge of Spanish would be valuable. His appointment is entirely apart from the mission upon which Professor J. H. Hollander goes to San Domingo.

Sought Death Under Cars.

New Lexington, O., March 30.—William Myers, aged 35, committed suicide yesterday by deliberately stepping in front of a cut of cars. Cause unknown.

Not to End Eastern War for

HG WANTS FLEETS TO FIGHT

Considers Chance Worth Taking—May
Change Mind Again—The
Day's War News.

St. Petersburg, March 30.—Peace today seems to be farther away. Your correspondent is informed from an authoritative source today that it is the Czar's desire just at present not to end the war yet. This is due to his belief that Admiral Rojestvensky may yet succeed in defeating Admiral Togo's fleet. A prominent diplomat said today to your correspondent: "I am informed that the Czar considers he would not be guilty of criminal folly if he did not take the final chance of readjusting the far Eastern balance by ordering the Baltic fleets to attempt to crush Togo. If Rojestvensky is beaten, matters will not be any worse than they are now, while if he is victorious it would change the whole complexion of the campaign."

"The Czar considers the chance worth taking and my latest information was that he has resolved on this course. His resolution, however, changes daily, and no one in the world least of all, the Czar himself, can predict from his views one day what will be his attitude the next."

St. Petersburg, March 30.—According to a dispatch from Sitjasa, a Japanese column is reported to have been seen 27 miles northeast of Shipinghai, and 74 miles north of Tie Pass. The report is from Chinese sources, but if true, probably means the Japanese are carrying on a wide turning movement.

St. Petersburg, March 30.—Dispatches from Manchuria today indicate that there may be a resumption of active hostilities in the near future. A telegram from Harbin today says the main Japanese army is within about 20 miles of Russian outposts. No further news has been received in regard to the reported wide turning movements of the Japanese toward the northwest and northeast. The fears of military experts that these movements, which would practically leave General Linvitch's army isolated, and cut off from all sources of supplies, are actually in progress have not been allayed by the long silence.

ARMY MAKES STAND

Russians Strongly Fortifying Positions at Sipinghai—Japs Gathering in Force.

Paris, March 30.—An unconfirmed rumor from St. Petersburg is published to the effect that Emperor Nicholas made an attempt to commit suicide and wounded himself in the hand. The rumor further says that the emperor's design was frustrated by the intervention of his mother, the empress dowager.

St. Petersburg, March 30.—Another duel between the two opposing armies in Manchuria may be on the program for the coming week. The Russians, according to a Harbin dispatch, are now strongly fortifying their position at Sipinghai, against which the Japanese are reported to be gathering in force. The reported Russian retirement from Sipinghai to Chaoumaodzi was incorrect, due to a telegraphic error in the confusion of similar Chinese names. The Japanese followed to some extent, but a border of 20 miles of debatable ground still remains between the two armies, over which the Japanese probably will not advance until they are ready to attack.

Equally important news is that a column of Japanese is moving against Kirin, perhaps with the intention of turning the position eastward and striking at the Vladivostok line of communication, with the double purpose of isolating the forces and separating General Linvitch's army from a valuable base of supplies, the Ussuri district.

A fact throwing light on the supercession of General Biderling from the command of the Third Manchurian army has been brought out by a Russian dispatch from Gunshu Pass, describing the retreat from Mukden. According to the plans of retreat, as outlined, each division of the Third army was to retire by the Mandarin road and roads to the eastward of that highway. Instead it moved for some reason along roads to the west of the Mandarin road, leaving a breach between the First and Third armies, of which the Japanese took advantage. The correspondent says the wagon trains were ordered north three days before the evacuation, but their departure was delayed, causing confusion in the withdrawal.

TUBERCULOSIS STATE HOSPITAL

SITE IS NOT YET SELECTED

Commission to Visit Black Hand and Other Points After
Eastern Trip Which Begins Next Monday—Licking
County Site Fills the Bill.

A press telegram to The Advocate Thursday from Bellefontaine, Ohio, announced that the state commission had decided upon the purchase of a tract of land overlooking the Marmon Valley, as the site for the proposed tuberculosis hospital. An earlier message had said that the matter had not been decided and that the commission before reaching a conclusion would visit Black Hand, Licking county, and other of the 90 sites offered before making a choice.

The Advocate got in communication with the office of the state board of health Thursday afternoon, and learned that the Bellefontaine dispatch is incorrect in that no decision has as yet been reached. The commission will next Monday start on a trip to the East visiting several hospitals and will be away a week. Upon their return, the members of the commission will make a trip over the state visiting such of the sites offered as seem available.

Dr. Postle of Black Hand, was assured a few days ago that the commission would visit Black Hand before arriving at a decision. The Black Hand site fills all the requirements and is thought to be admirably adapted in every way to the needs of the proposed institution.

The Bellefontaine message above referred to is given below: Bellefontaine, O., March 30.—Tenants on three farms in the eastern part of Logan county, between Zanesfield and East Liberty, have been notified to be ready to move whenever necessary, as the properties are about to be sold to the state for the new tuberculosis hospital. Dr. C. O. Probst, secretary of the state board of health, also a member of the state commission having in charge the selection of a site visited the place this week and informed the tenants that the site was determined upon.

The farms in question comprise 400 acres overlooking beautiful Marmon Valley. The price is said to have been \$35,000, which was the amount which was appropriated for the purchase of a site.

POSTMASTER GEORGE D. HEISEY

Will Succeed Jos. M. Ickes Within a Few Days—Depart-
ment Thursday Afternoon Asks Him to
Forward His Bond.

George D. Heisey will succeed Jos. M. Ickes as postmaster at Newark within a few days.

The appointment of the young glass manufacturer to the local postmaster-ship was made by the President several weeks ago and was confirmed by the senate, but nobody has been able to announce the time that the change in management would take place. A special telegram to The Advocate from its Washington correspondent Thursday afternoon, follows: Washington, March 30.—The bond division of the postoffice department this afternoon called upon Postmaster-to-be Geo. D. Heisey of Newark, to forward his bond, the blank for which was recently mailed to him. As soon as this is approved the commission will be issued and Mr. Heisey will take charge of the Newark office.

BAD WRECK

Reported on Canadian Pacific
Train Carried 500
People.

(Bulletin.) Winnipeg, Manitoba, March 30.—The third section of the homeseekers' excursion of train which left Toronto Tuesday with settlers for the northwest went into a ditch at Dryden, 85 miles east of Ratportage. The accident is reported to be the worst in the history of the Canadian Pacific railroad. From reports so far received all doctors have left Ratportage for the scene. Authorities of the road refuse to make a statement. There were about 500 persons on the train.

LATE TELEGRAPH TICKS

Chicago, March 30.—The report that Robert T. Lincoln, minister to Great Britain and son of President Lincoln, had died suddenly in Florida, proves untrue.

New York, March 30.—Loosened by heat from yesterday's fire and explosion several feet of the brick roof in the subway tunnel fell this morning and crushed to death Samuel Lilly, a fireman.

New York, March 30.—Russell Sage has taken a decided turn for the better. His health is improving.

Pittsburg, March 30.—Michael Nohovich, an Austrian, was murdered last night by his wife, Annie, aged 20. She struck him while in bed several times with a hatchet.

St. Petersburg, March 30.—The internal troubles of Russia are increasing. Late reports today show disorders in many quarters. Cholera is spreading in southern Russia, adding intense alarm to the general unrest. The strike situation in the district is not improved.

GOES TO PEN

Mrs. Gindelsperger Declares
to Judge That She Is
Not Guilty.

Chillicothe, O., March 30.—Mrs. Margaret Gindelsperger who was given a sentence of eight years in the pen last night for the murder of her husband in 1896, was taken to Columbus this morning by Sheriff Morrison.

When sentence was pronounced the judge urged the woman to make a confession. She replied:

"Judge, I am not guilty. The men who sent me to the penitentiary have blacker hearts than I have. I do not know who killed my husband. If I did I would tell you. I am innocent. It is no pleasure for me to go to the pen. I could go to the electric chair tonight with a clear conscience for I am not guilty. All I know is that I saw my husband go out of the house and heard a noise outside, and saw him after he was dead. That is all I know about it."

Six of the jurors who convicted Mrs. Gindelsperger sent letters to the judge asking clemency for the woman. Karl Ballard, who was indicted with her for the murder, is out on bail, and will be tried at the next term of court.

St. Petersburg, March 30.—Novelist Maxim Gorky, awaiting trial for alleged treason, has been granted permission to go to southern Russia for his health.

St. Petersburg, March 30.—It is stated that the value of the war materials captured by the Japanese at Mukden was \$2,000,000.

Washington, March 30.—President Roosevelt told a number of senators and members of congress this morning that he expected to call an extraordinary session of congress for consideration of the railroad rate legislation about October 15.

Saved Her Life.

Thompson's Barosma was a Blessing to us.

My daughter was very pale, nervous, thin and suffered with severe pain in her back so that we took her out of school. Her flesh became blue and she could not retain her urine. I spent over \$100.00 for medicines, but she grew worse. Finally I bought a bottle of Thompson's Barosma, Backache, Kidney and Liver Cure and she began to grow better right away. Five bottles of Thompson's Barosma made a complete cure and today she is a perfectly healthy girl. Thompson's Barosma saved her life, for she was failing so fast that death was not far off. Thompson's Barosma works wonders. - FRANK D. MILLER, Pleasantville, Pa. Thompson's Barosma, 50c. and \$1.00.

RAILWAY RUMBLES

GREAT INTEREST TAKEN IN THE NEWS FROM BALTIMORE.

Talks With Railroad Men—Buckeye Lake Earnings Increase—Personal Paragraphs.

The Advocate's Baltimore dispatch yesterday telling of the company's intention of enlarging and improving the local B. & O. shops at an expense of \$50,000 to \$100,000 was read with great interest all over the city, but especially among the shopmen. Local railway men are today speculating on just what form the improvements will take and what increase in force the enlarged shops will require. Work will begin as soon as the weather permits. The Advocate's special dispatch came from a prominent official in the Baltimore office and local officials who saw the signature to the message pronounced the telegram wholly trustworthy.

BUCKEYE LAKE

Earnings for Month of March Show Increase Over the Same Week One Year Ago.

Earnings of the Columbus, Buckeye Lake and Newark Traction Company for March show nice increases. For the week ending March 18, the gross earnings were \$3,145, an increase over the same week of 1904 of \$272, and for the week ending March 25, were \$3,108, an increase of \$520.

All But Five Shares.

Washington, March 30.—Secretary Taft has been informed by William Nelson Cromwell, general counsel of the Panama Railroad company, that he has succeeded in purchasing for the government all but five shares of the 275 shares of stock of the Panama Railroad company still outstanding, and in behalf of the president the secretary has returned thanks for Mr. Cromwell's services in the matter and regrets that he will not accept compensation for his services.

President Oscar W. Murray

President Oscar W. Murray of the B. & O. railroad, is in Pittsburgh today stopping there en route home to Baltimore from the west. President Murray is traveling in a special train and is accompanied by the general manager, one of the general superintendents, and at least one of the vice presidents of the B. & O. He left Baltimore last Wednesday. President Murray was one of the guests at the banquet of M. E. Ingalls, chairman of the board of the Big Four, which was given in Cincinnati Saturday evening. Over 200 guests were present at the dinner. It was given by the Business Men's association of Cincinnati. Mr. Ingalls was president of the Big Four for over 30 years.

Pacific Coast Rate.

The railroad companies have agreed upon a round trip rate of \$45 from Missouri river points to Portland for the Lewis and Clark exposition.

Talks With Railway Men.

A prominent railroad man was interviewed yesterday regarding the enlargement of the B. & O. shops and in connection with what has already been published in the Advocate he stated:

"The rumor that the Mt. Clare shops would be moved west and would probably be located in Newark, was absurd. There is hardly room in Newark for the Mt. Clare shops, they are so extensive. Furthermore, the shops are needed for the eastern divisions of the B. & O., and if moved would leave that end of the system in bad shape for hurry repairs.

"The Cleveland shops may be enlarged or improved, but that is an out of the way city as far as the B. & O. is concerned, and it is hardly probable that the company will put any great amount of money there.

"The shops at Lorain will not be rebuilt. They were destroyed by fire several months ago with a heavy loss to the company. The round house at that point has been condemned and a new one will be put up at once. Lorain is the terminal point of the C. & L. & W. division of the B. & O. and a round house where light repairs can be made is very essential.

"Regarding the proposed construction of larger shops here, I would have been very much surprised at such action. The local shops are doing all the repair work they are called upon to do and the employment of a larger force of men would be unnecessary unless some of the smaller shops were abandoned.

"It is generally understood that the company owns a strip of property on the north side of the canal, but this is not large enough for building purposes unless the canal was leased and the big ditch filled up.

"Property east of the machine shops could be purchased by the company, but it is not company property at the present time."

"Speaking of sites for new B. & O. shops," said another railroad man, "Chicago Junction would be the proper point for such a plant if the company had any intention of building new railroad shops. The Junction has become a very important point on the B. & O. since the new division was opened up through Akron and Youngstown to Pittsburgh. The opening up of this division gives a more direct route

from Pittsburgh, New York, and Baltimore to Chicago than the company had before. This makes the Newark division and the Newark terminal again out of the way.

"It is thought by many of the railroad men that shops of large capacity, located at Chicago Junction would be a wise move on the part of the high officials. It is understood that this was being considered at one time, but it has evidently been abandoned, for the present at least."

Railway Personals.

Michael Manahan and Charles Tyrer, moulders at the B. & O. shops, are off duty on account of illness.

J. F. Strand has reported for duty after a short lay off.

Brakeman A. C. Grange has been marked up for duty as flagman on the C. O. division.

Brakeman Nichols has been granted a leave of absence until April 3.

Engine 1161 was completed in the erecting shop today and is ready for road service.

Brakeman Schultz has permission to be off for a few days.

Engine 2245 has been ordered to the erecting shop for class 4-B repairs.

No. 2206 is in the erecting shop for heavy repairs.

Engines 1925 and 1659 have been turned out of the round house after being repaired.

Engines 2229 and 2256 have been temporarily transferred from the Newark to the Wheeling division.

T. F. Mulquin, a well known B. and O. Conductor, has been quite sick for some time at his home, but is somewhat improved at this writing.

Engineer Brant has been assigned to his regular engine, the 1937, on the Lake Erie division. The engine is of the compound type, and gives excellent service.

REAL ESTATE NOTES

Mr. William Broome is erecting a fine residence on Columbia street, opposite the Wyeth sleigh runner manufactory.

O. Ransome, contractor of Mt. Vernon, was in the city Thursday. He has just completed three business rooms on Main street, for the Vance hotel at Utica, and the structure has been enlarged to three stories high, and the addition contains 24 rooms. The work began in December and the new hostelry will be a modern one, strictly conducted, up-to-date, owned and controlled by Wm. Vance.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for consumption, coughs and colds." Greatest sale of any cough or lung medicine in the world. At Hall's drug store: 50c and \$1.00; guaranteed. Trial bottle free.

THE W. C. T. U.

The meeting Tuesday was in charge of Mrs. J. W. Maxwell, superintendent of Red Letter Days, and the subject was "Neal Dow's Birthday." A good program was carried out by the following ladies:

Solo, Miss Taylor.

Readings, Mrs. Stella Anderson, Mrs. Alsapach and Mrs. Hillier. The last was an address given by Mrs. Sixson on the mid-year meeting held at Zanesville last week.

Next Tuesday themeeting will be led by Mrs. Gridley. Everybody invited to come and spend a pleasant afternoon.

Mrs. Sarah Brown, our faithful treasurer, who has been quite ill, is rapidly improving, and will soon be with us again.

Barber's Second Trial.

Zanesville, March 30.—The first step in the trial of H. O. Barber, the Cambridge banker, which will start in this city April 5, was taken yesterday when Sheriff H. F. Elliott went to Cambridge to subpoena a number of witnesses. All of the witnesses subpoenaed thus far are for the state.

TEMPLE OF JUSTICE

WEBB AND HARRIS ARE TAKEN TO OHIO PENITENTIARY.

Elwood Harper Granted Divorce--Circuit Court--Will Probated--Court House Items.

Frank Webb, who was convicted and sentenced to the penitentiary for a term of five years for horse stealing, and Fred Harris, sentenced to the penitentiary for two years for pocket-picking, were taken to Columbus by Sheriff Redman and Charles Baier, assistant, and turned over to the officers of that institution.

Harper Divorce Granted.

Elwood Harper has been granted a divorce by the probate court from his wife, Bertha Harper, on the ground of infidelity. The plaintiff was awarded the custody of two children. The parties were married in 1895.

In Circuit Court.

The case of Oliver M. Holtzberry vs. Linsley Bounds et al is being tried to the Circuit court. The suit is brought to restrain the closing up of a right of way or lane on property near the reservoir. J. Howard Jones, Slabaugh; Kibler & Kibler.

Welsh Hills Baptist church etc., vs. Harriet M. Wilson, et al, argued and submitted. Daugherty, Stasel; Kibler & Kibler, Hunter & Hunter.

Mrs. Estelle Wants Divorce.

Susie Estelle, by her attorney, Wayne Collier, has filed a petition in the Probate court asking for a decree of divorce from her husband, Charles G. Estelle. The parties to the suit were married December 13, 1904, and no children were born of the marriage. For cause of action the plaintiff charges her husband with gross neglect of duty. She says that on December 24, 1904, eleven days after their marriage her husband disappeared from Newark and abandoned her; that he wrote her insulting letters from Geneva, N. Y., in which he stated that he did not love her, and that it would be a great pleasure and relief to him, if she would procure a divorce; that he would not live with her, nor support her under any circumstances. In addition to being granted a divorce, she asks that she be restored to her maiden name, Susie Footman.

S. B. Rhenick as guardian of Chas. H. Rhenick and others, minors, has filed a petition in the Probate court to lease land belonging to the wards for oil and gas purposes.

Will Admitted to Probate.

The will of William Richey, late of Harrison township, has been admitted to probate and Miranda Richey has been appointed administratrix. No bond was required.

Marriage Licenses.

Otto F. Price, Fredonia; Anna V. Bell, Fredonia.

Cary M. Varner, Newark; Bertha M. Sunderland.

Charles Neglele, Newark; Myrtle Belle Davis, Newark.

Court Notes.

Chester Curtis Griffith has been appointed guardian of Harold D. Griffith, minor son of Minnie C. Griffith.

TAILORS NOTICE.

PATASKALA FANS

Will Likely Have a Good Ball Team in the Field This Season--Lines is the Captain.

Pataskala, O., March 30--It is understood among the local ball fans that Captain Lines of Etina will have a team in the field this coming season. It is said that he has grounds rented south of M. Youmans' dwelling house and will have a first class team.

This is about the year Pataskala should be due for a good baseball season and if the captain puts up a good bunch of players, with popular piece of admission, he will likely achieve success.

JIM COLEMAN

Wants to Spread Ink on a Mt. Vernon Contract--Will Probably be Signed.

Mt. Vernon, O., March 30--Secretary Greer is in receipt of a letter from Jim Coleman of Cincinnati, one of the fastest infielders in that section of the state, and he is anxious to play on the Mt. Vernon team the coming season. He has not yet been signed, but his offer will probably be taken up by the board of directors.

MONEY NEARLY ALL IN.

From Mt. Vernon comes today the word that all but \$175 has been raised on the baseball fund and that this will be secured by the board of directors this week. However, Secretary Greer has assured Manager Snodgrass that the team will play.

FOUL BLOW

Monte Attell of 'Frisco Was Carried Out of Ring After Six Round Bout With Walsh.

Philadelphia, March 30--Monte Attell of San Francisco, was carried from the ring after a six round bout with Jimmy Walsh of Boston, at the National Athletic club. After more than two minutes of fighting in the sixth round Walsh accidentally hit Attell low and followed the blow with a right and left to the jaw. Attell was not knocked out, but the foul blow injured him and he was unable to rise. He was carried to his dressing room and physicians were summoned. It was sometime before he could be removed. Walsh had the better of the bout from the start.

KENYON STUDENTS

Think a Lot of Coach Eckstorm. Who Who Has Done Good Work for the Gambier Team.

The Kenyon Collegian has the following to say concerning Dr. Eckstorm, who for the past two seasons has been the football coach for Kenyon and who has been visiting in Newark for the past several days:

"Dr. Eckstorm, football coach for the past two seasons, has been engaged by Ohio Medical University to coach their football team next fall. He will also act in the capacity of assistant professor in one of the medical branches at that institution. Dr. Eckstorm coached the O. M. U. football team in 1902 and turned out the best team that has ever represented the Medics. Under his direction the Orange and Black will undoubtedly have a team that will be a credit to that institution. In 1903 Dr. Eckstorm came to Kenyon and faced a football situation that few coaches would have dared to confront. The material was inexperienced and very limited. Few of the men had ever played college football, and the unfavorable result was that the Kenyon team of that year has very few victories. Our faith in Coach Eckstorm, however, was not diminished, and he was re-engaged for the following year. The past season's record shows that our faith was not misplaced, and as the Cleveland Plain Dealer stated, Kenyon had an eleven which played the best teams in Ohio, and was not defeated by more than 12 points in any game. Dr. Eckstorm leaves Kenyon followed by the best wishes of the Kenyon students and the citizens of Gambier."

BOWLING TOURNY

Opens This Afternoon and Will Continue Until Midnight--Eighteen Entries in Contest.

The entries in the one man team bowling contest which will be pulled off this afternoon and evening at the Hayes alleys, closed at midnight last night with 18 names on the list. The best bowlers in the city have entered and the contest will be one of the most interesting bowling tournaments held in Newark. Prizes have been offered for the highest and lowest scores and for the greatest number of splits made.

Those who will roll are, Fred Solinger, Oliver Patton, Frank Jones, D. V. Long, H. D. Jones, N. E. Armstrong, C. Priest, Dr. Barrick, Leroy Garrison, Paul Arbaugh, Jerry Loewendick, R. P. Tisch, Frank Sprague, Charles Dear-durff, Guy Tracy, J. Kates, James McGaugh, T. O. Johnson.

IDLEHOURS DEFEATED.

At the Y. M. C. A. alleys Wednesday night, the association team defeated the Idlehours by a total of 119 pins. The score was Idlehours 1987, Y. M. C. A. 2182.

NEWARK HORSEMEN

Incorporate the Newark Driving Park Company at Columbus With a Capital of \$5,000.

A special telegram to the Advocate from Columbus Thursday afternoon announces the incorporation of the Newark Driving Park company by Chas. W. Miller, J. S. Booth, A. A. Westbrook, John Flanagan, John Braun, John H. Sauter, Charles Conrad and J. M. Farmer with a capital stock of \$5,000.

An announced contest in the week the Newark horse men will give a four day race meeting here beginning Friday. Purse from \$500 to \$1000 will be offered.

TO SAVE HOUSES

LICKING COUNTY FARMERS PLOW AROUND DWELLINGS.

Blaze Starts in Woods Near Wilkin and Spread Over Large Area of Ground.

Wilkin, O., March 30--Fire broke out in the woods near Wilkin yesterday afternoon and burned nearly all night, and spread over from 50 to 100 acres of land, including Lionel and Ed. Miller's farm, Harrington's, Westbrook's and Frank Williams' farms. Several houses were endangered and it was necessary to plow around them to keep them from burning. Many fences were burned and much young timber, the loss being from \$500 to \$1000.

It's remarkable how cheap Meyer & Lindorf is selling carpets. Our advice is to look it up.

Charles Bingham has about completed his new brick addition to his brewery. He could not uncover his cellars in the summer, and deferred the matter until recently. He has purchased several car-loads of new hogheads, each containing forty-five barrels, and a forty-horse power cold storage and air machinery. Two expert brick masons have finished the masonry work for a forty-five horse-power boiler, purchased of the Scheidler Machine Works company. The place has been equipped with the most improved machinery. Mr. Bingham thoroughly understands every detail of the business.

President's Proclamation.

Washington, March 30--The president issued a proclamation inviting the nations of the earth to be represented by their military organizations and naval vessels at the celebration to be held in the vicinity of Jamestown, Va. from May 13 until November, 1907.

Mrs. Roosevelt's Trip.

Washington, March 30--It is stated that Mrs. Roosevelt, accompanied by some of her children and relatives, will leave Washington Friday for the South, probably Jacksonville, where they will go aboard the yacht Sylph for a short cruise. The president, it is said, desires that his wife and children spend some time on a cruise, believing it will benefit them. Mrs. Roosevelt contemplates returning to Washington in 12 or 15 days. While she is away Miss Alice Roosevelt will be in charge of the White House.

Washington, March 30--Friends of Senator Beveridge, of Indiana, in Washington, characterize as preposterous the story printed this morning in a New York weekly society journal that he is engaged to Miss Alice Roosevelt. The senator is now in Indianapolis. Following the general practice regarding such reports the white house declines to either confirm or deny it. From other sources, however, assurance is given that the story is without foundation.

Chicago, March 30--The railroad will be investigated by the federal grand jury it is believed, as soon as it concludes the inquiry into the affairs of the packing industry. The rumor is not denied by the federal officials at the beef trust investigation. "Other matters will be looked into at the close of beef investigation," said United States District Attorney Morrison. "I cannot indicate now what these matters concern but the public will know in due time." It is now said to be the intention of the authorities to act on evidence as fast as it becomes conclusive instead of waiting till the close of the investigation. Consequently indictments are expected to be voted during the inquiry. Proof of railroad discrimination in favor of the packers, it is said, has been laid before Morrison by Frank S. Monnett of Ohio, who has been investigating in southern Kansas.

Huntington, W. Va., March 30--in the explosion of a boiler of a portable saw mill near Matcawan, today, John Sandman, 16; Green Sandman, 19, and A. Henderson, engineer, were killed. John Cooper, a sawyer, was hurt. A dry boiler is supposed to have caused the explosion.

DEMANDS DOLLAR

Saying He Once Paid a Lawyer Two
Plunks for Answering a Very
Brief Question.

Columbus, O., March 30.—N. P. Al-
drich, justice of the peace at Marengo,
Morrow county "turned the tables"
on the legal profession by demanding
of D. T. Ramsey, of this city, a fee
for answering a question Spring fever
and good fishing prompted the "Squire"
to ask for the cash.

Lawyer Ramsey wrote to the J. P.
asking as to the amount of a judgment
returned against a client. The justice
replied:

"Yours, including inquiries, received.
In reply would say my time is valuable
at this season of the year. Besides,
spring fever is very prevalent and
fishing is good. If you should enclose
a dollar bill it would stimulate me
some. I paid a lawyer \$2 once for an-
swering a very brief question."

DEBILITY DUE
TO CATARRH

A Close Relation Has Been Established
Between These Two Diseases.

"Catarrh is clearly the cause of de-
bility," said Frank D. Hall. "No per-
son free of catarrh in my opinion was
ever troubled with debility. So you
will readily understand that the cure
of debility depends entirely on the
cleaning out of the catarrhal parasites.
No debility cure will ever cure you as
long as you have catarrh. Catarrh
is the cause. Debility is the result.
Then you get rid of the cause. No
remedy will cure you but a catarrh
remedy, and no other remedy will do
it but Reaxil Muc-Tone. I make this
statement because we know what
Muc-Tone is and what it will do—
and doesn't it stand to reason that a
remedy designed for one particular
purpose—as Muc-Tone for catarrh
only—is going to give results a hun-
dred times better than a cure-all that
aims at every disease in the diction-
ary. Read what Ald. Robert K. Sloan
of the 5th Ward of Chicago, writes us:

"I cheerfully add my endorsement to
those who have words of praise for
Muc-Tone. I consider it the world's
greatest remedy for all ailments of
mucous membrane system. I have
taken the remedy for debility with the
most satisfactory results. I know of
one of my constituents who was cured
of an aggravated case of catarrh of
the stomach through its use. I en-
dorse it most heartily."

Muc-Tone acts entirely different
from any other remedy we know of,
and we think we know them all. Muc-
Tone acts in a scientific way by first
of all destroying the deadly catarrhal
germs—ridding the system of every
trace. Then as the very name, Muc-
Tone, implies, it tones up the mucous
tissues, the tissues on which the cat-
arrhal parasites live. Then there is
a chance to get well. No other rem-
edy but Reaxil Muc-Tone will do it.
It destroys every trace of the germs
of catarrh. It heals and soothes the
tissues. It tones up the entire system.
We have a large trial size for fifty
cents that we guarantee to give re-
sults. I want you to try a bottle on
my personal recommendation. Frank

BY CANAL BOAT
65 YEARS AGO

MRS. ELIZABETH S. METZ CAME
TO NEWARK FROM CLEVELAND,
OHIO.

Cooking Was Done by Passengers
Themselves—A Sketch of Her
Trip from Old Country.

In the kingdom of Wurtemberg, Ger-
many, there was a little village by the
name of Thorheim. It was located
near a small stream and about a dis-
tance of ten or twelve miles from
Stuttgart. The chief agricultural pur-
suits of its inhabitants were fruit
culture and wine making. Its people
were a plain, sturdy and industrious
class, such as only a rural district
like this can produce.

On Tuesday, March 5, 1840, there
was an unusual commotion in this lit-
tle village. In fact it was made a reg-
ular holiday. A stranger not know-
ing the reason might well have asked:
"Why all this bustle?" That sixty-
one persons, mostly young people,
should be going away from their na-
tive place, full of emotions mingled
with hopes and anticipations of future
homes beyond the great deep ocean,
was not a frequent occurrence. The
many sleepless nights and anxious
hours that preceded that day and per-
haps many more that followed, may
easily be imagined. Misgivings as to
the future and anxious concern for
those left behind must have filled the
heart of many a one of that little band
of immigrants on that crisp March
morning when the sun ushered in the
day of farewell to their friends and na-
tive land. Sixty years ago in the days
of sail navigation, there was a sort
of superstitious awe connected with
such an undertaking, fraught with
more or less real danger not realized
under present conditions of rapid
trans-Atlantic steamships.

The attachment and bands of
friendship for what was left behind
was not so strong for one of this com-
pany as it was for most of the others,
as her only living relative and the only
one for whom she had any great fond-
ness, was a brother a few years her
senior, who was of the party. They
had been left orphans a few years
previous by the death of father and
mother, the two children were forced
to make their home among strangers,
and the treatment they received dur-
ing a period of about five years pre-
vious to this memorable fifth of March,
was anything but such as to inspire
love and attachment of country or to
foster pleasant recollections of youth-
ful days. It was especially hard for
the brother who was most cruelly
treated, so that anxiety for him was an
added source of trouble to the faith-
ful sister.

What the impulses of each individ-
ual composing that company were
that prompted them to seek homes in
a strange and foreign land can not be
recalled if any were known then. Pos-
sibly some friends had made the ven-
ture before and were writing glowing
accounts of the country of their adop-
tion, and of the freedom and advan-
tages they were enjoying. As a matter
of fact, these accounts were usually
exaggerated and misleading. In addi-
tion to these starting from the village
there were many from the surround-
ing country, which swelled the num-
ber to about one hundred. The meth-
od of transporting household effects
in those days was by wagons and
their route lay through French terri-
tory by way of Alsace and Lorraine to
Havre, the seaport from which the
party was to sail.

The journey to Havre by wagon con-
sumed about twenty days, and was
naturally tedious and fraught with
many inconveniences. The younger
ones of the passengers were often re-
quired to walk for hours, especially
where the road became rough and
hilly. Notwithstanding the hardships
that such a primitive method of travel
imposed, there were occasions and
incidents on the route that furnished
their share of cheer and amusement.
Much of the sunniness and good feel-
ing of this journey by land and sea
was due to a few of the younger pas-
sengers. Nearly every condition of
life furnishes examples of those whose
dispositions under the most trying cir-
cumstances reflect sunshine on the
pathway of the weary and disponding.
One, in particular, in this party was
a youth of about twenty summers, with
red hair, freckled face, full of pranks,
always ready to play a joke or to laugh
at anything that offered the least oc-
casion, kindhearted, sympathetic to a
fault, and at all times ready to lend a
helping hand to any one needing as-
sistance. There is to this day one at
least, who cherishes his memory and
is ever thankful for the many kind
deeds he performed, and the cheerful
influence he exerted on those associ-
ated with him on that long and tedious
trip to Havre, across the Atlantic, and
to Ohio, so many years ago. Of this
person the Columbus Westbote, of
July, 1904, has the following obituary:
"Died in Fostoria, Ohio, Mr. Christian
Siechricht one of the oldest and most
highly esteemed German pioneers. Mr.
Siechricht was born February 16, 1815,
in Horheim, county seat of Vaihne-
ing, Wurtemberg, so that he attained
the good, ripe age of 88 years 4 months
and 4 days. He was one of the old-

est readers of our paper, and until the
week before his death read it without
the aid of spectacles."

As the wagon train proceeded on its
way to Havre, the party was generally
booked to stop for the night at some
inn or place calculated on before hand,
but it often happened that the place
was overcrowded and the passengers
were soon led to understand by the
motion and gesticulation of the
French landlord to pass on. In this
way they were often obliged to travel
until far into the night before they
could find shelter. As the weather
was often quite cold and rough, to find
lodging for so many was one of the
most important problems of the day.
On one occasion the party was assign-
ed to a large hall, but when they ar-
rived quite late a dancing party was
occupying it, who disputed their right
to it until midnight at least. The tired
travelers looked on until approaching
about the hour of twelve and when
they found that no cessation seemed in
sight some eight or ten of the men
got their blankets and bedding, and
threw them on the floor among the
dancers and in that way securing pos-
session of the hall to which they were
entitled.

Before arriving at Havre quite a
snow fell which made the remaining
few days very disagreeable and still
more irksome than before. Finally on
March 24th they arrived at the sea-
port not much the worse for the wear
and tear of the journey.

For some reason the ship on which
the party was to sail did not leave un-
til Apr. 2, nine days after their arrival.
The party made good use of the nine
days' stay in the city, as most of the
time was spent in walking about and
familiarizing themselves with the
streets and environments.

The day for their departure finally
arrived, and about 10 o'clock, Apr. 2,
they set sail for America. In those
days each passenger was required to
furnish a given amount of rations, and
heads of families, for each person they
represented. This was based on a lit-
tle beyond the average voyage, so that
there would be no likelihood of a
shortage in the supply. The prepara-
tion of meals was done by the passen-
gers themselves, who succeeded one
another by families, thus prolonging
meals for several hours each day, and
the cooking often engendered ill feel-
ing and confusion in claiming prece-
dence or right of position. The first
few days the weather was very favor-
able, so much so that the captain cal-
culated that at the rate of speed they
were then making two weeks would
bring them to New York. Alas, on the
third day there was a complete
change in conditions. The wind
seemed to be blowing from the oppo-
site direction, and the ship was tossed
hither and thither during that day and
the following night. The mate gave
it as his opinion that they had been
blown off their course about as much
as they had gained the previous
twenty-four hours. This condition of
uncertainty of the weather seemed to
be experienced during almost the
whole voyage, so that the time con-
sumed was about four weeks instead
of two.

As time went on each day brought
with it renewed anxiety and an im-
patient longing for glimpses of land.
On the morning of April 30th the word
went forth that land was in sight, and
everyone who was not too sea-sick to
do so came on deck to see for himself.
Straw ticks were emptied of their
contents, and many things for which
there seemed to be no further use
were thrown overboard. All made
preparation for landing some time
during the afternoon or evening, but
as night came on they seemed no
nearer land than in the morning, and
those who, in the morning, had con-
signed their bedding to the waves,
slept as best they could, some on bare
mattresses. The next morning found
a number of the passengers on deck
bright and early to review their pros-
pects of landing, but they soon return-
ed with sad countenances, saying that
all signs of land had vanished. On the
next day, however, the sight of land
again greeted their eyes, although it
was not until the following day that
they were piloted into New York har-
bor.

Then, as now, New York was the ob-
jective point for many immigrants to
this country, and not a few had barely
enough to reach the city. Some had
relatives and friends here and had
planned before hand to look them up.
The greater number of the Horheim
party, however, were bound for Ohio,
or "the West," as Ohio was then called.
After a stay of about two and a
half days in New York City, those
bound for the West took a steamer for
Albany, where they remained for a
day. The trip from Albany to Buffalo
and from Buffalo to Cleveland on Lake
Erie, was of little moment as now re-
membered. The impression of Clevel-
and as now recalled, was that of a
small town not so large as Newark is
now. From Cleveland to Newark the
trip was made by a canal boat drawn
by two horses. Here, too, the cooking
was done by the passengers them-
selves.

During this whole trip only one
train of cars was seen and that some
place in New York state, and only
from a distance. On May 21, 1840,
the greater number of the original party
arrived in Newark. This, however,
was the contemplated destination of
only a few families. The greater num-
ber settled in Delaware and Delaware
county, where no doubt some of the
most influential citizens of that sec-
tion may be traced.

The subject of this sketch is Mrs.
Elizabeth S. Metz, corner of Oakwood
avenue and East Main street. She is
eighty-nine years old and is probably
one of a few survivors of those that
started from that little village in
Germany sixty-five years ago.

Mrs. Metz has been a resident of
this city ever since that time and has
witnessed many a change from that
time to this. She has vivid recollec-
tions of her school days and incidents
connected therewith, and with the old
parish church, the associations of
which are still dear to her. While she
can repeat verse after verse from her
catechism and passage after passage
from her Bible which she learned prior
to her fourteenth year, she has never
had any desire to return to her na-
tive land. She says the land of her
adoption is good enough for her. She
believes in an All-Ruling Providence
and this conviction has but grown
stronger as she has advanced in age.
A proper adjustment to our environ-
ment ought, she believes, to make us
happy, and if we are not, the fault
lies with ourselves.

Attacked By a Mob

and beaten, in a labor riot, until cov-
ered with sores, a Chicago street car
conductor applied Bucklen's Arnica
Salve and was soon sound and well.

Welch, of Tekonsha, Mich., "and find
it perfect." Simply great for cuts and
burns. Only 25c at Hall's drug store.

CARRIED A GUN

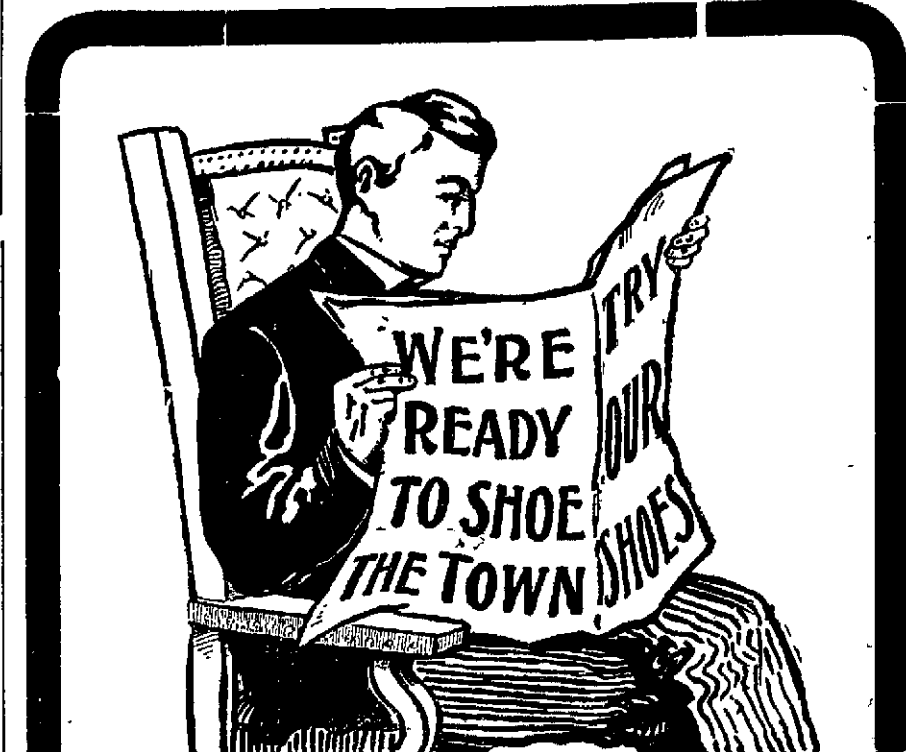

To Protect His Money, But Landed in
Police Court, and Was Fined \$10
and the Costs.

A man giving his name as Frank
Smith, residing in the West End, was
fined \$10 and costs in Mayor Crilly's
court Thursday for carrying conceal-
ed weapons. The man stated that he
had a large sum of money, \$235, and
carried the weapon to protect his
money. He had been having trouble
with a tenant in a house which he
owned and she sent an officer to have
the man arrested. When searched at
the prison the weapon was found, so
the above charge was placed against
the man.

HELPLESS FROM PAIN

One Bottle Completely Cured Her.

George W. Stevens, of Ottawa, O.,
says: "My wife had rheumatism of
head, neck and shoulders and the pain
was so intense that for four weeks
she got no rest, day or night. At
times she was absolutely helpless. The
doctors failed to give her any relief.
I got a bottle of Jamaica Rheumatic
Cure and by the time she had used
one-half the bottle, her pains were all
gone, and she hasn't had a pain since.
We cannot speak too highly of the
wonderful results of Jamaica Rheu-

ONLY ONE PROTEST

WHILE NINETY SITES HAVE BEEN
OFFERED FOR HOSPITAL.

Dr. Probst Denies Report That People
in All Sections are Objecting to
New State Institution.

Columbus, O., March 30—"It is not
true," said Dr. C. O. Probst, secretary
of the tuberculosis hospital commis-
sion, "that protests against the loca-
tion of the hospital are coming in
from nearly every neighborhood in
which a site has been proposed. Quite
the contrary is the fact. Only one
such protest has been presented. It
came from Columbiana county.

"Statistics show that since the agi-
tation of the subject, the instruction
of the people as to how they may
avoid infection with the germs of this
disease and how they may cure them-
selves when suffering from the disease
in its incipient stages, the death rate
from tuberculosis has been falling off
all over the world, but it has fallen off
far more rapidly in the immediate vi-
cinity of the hospital established for
the care and cure of the disease. This
is no doubt the result of the educa-
tional influence that such an institu-
tion has."

The commission has promised to in-
spect the Black Hand, Licking county,
site that has been offered but the ex-
act date of the trip to Licking county
is not as yet known.

Trip of Inspection.

Columbus, O., March 30—Secretary
Shirer, of the board of state charities
left yesterday for Chester, Ill., to in-
spect the hospital for criminal insane.

BOYS' OUTING

Y. M. C. A. MEMBERS ENJOY DAY
AT BLACK HAND.

Each Had Cooked His Own Dinner in
Indian Fashion—Target Practice
and Baseball.

One of the most successful outings
that has been undertaken by the Y.
M. C. A. junior department was con-
ducted Wednesday under the auspices
of Mr. Pinneo and two other associa-
tion members. The day was ideal for
such an event, and there were 41 in
the party which boarded the trolley
car for Black Hand.

The camp was established on Tun-
nel Hill. While a volunteer squad
built the camp fire and made ready for
the noon day meal, the remainder of
the company enjoyed a game of base-
ball. The Indian dinner, where each
boy cooked his own meat and potatoes
over the camp fire, was one of the fea-
tures of the day. Probably the most
enjoyable feature was a well con-
ducted rifle practice immediately after
dinner. A sufficient number of adults were
in charge as officers to remove all risk.
Regular army regulation targets were
used, due to the courtesy of Captain
F. G. Steele. A strong rivalry existed
to the end between the two squads,
the "Boys" between 10 and 14 years of
age, and the "Juniors," between 15
and 16 years. After every man on both
teams had fired five shots at the tar-
get, five marksmen having the highest
scores were selected from each squad
to compose the crack team, which rep-
resented their own squad in the final
shoot for the supremacy. The follow-
ing composed the two crack teams:

For the "Boys," age 10 to 14—Gilbert
Shrader, Will Sunderland, John Sachs,
Clifford Sherburn, Chas. Grimm.

For the "Juniors," age 15 to 16—
Don Simpkins, Kenneth Whiteman,
Lester Black, Albert Daugherty, H.
Comer.

Don Simpkins having 24 out of a pos-
sible 25 points, won the laurels for the
Junior team, and the title of crack
marksman.

Gilbert Shrader having 21 out of a
possible 25 points, was the highest
man for the "Boys" team.

A number of others made high
scores, and as a whole, considering
ages, the boys shot well. The targets
may be seen at the Y. M. C. A. Explor-
ing and fishing were also among the
things that made the day a pleasant
one for all.

MARCH BREAKS RECORD

Thermometers Wednesday Registered
Over 80 and at 7 in the Evening
Stood at 70.

So far as known, nobody in Newark
was sunstruck Wednesday, but the
mercury ascended to several notches
above the 80 mark which was a record
breaker for March. At 8 o'clock in the
evening the thermometer registered 70
but later rain fell and there was a drop
of over 20 degrees during the night.

Wednesday was the hottest 25th of
March New York has experienced in
the history of the weather bureau,
whose statistics go back 34 years.
Thermometer experts think it was the
hottest March 25 which has ever
struck Broadway. They say it breaks
all records. The mercury stood at 72.

**DR. BELL'S
Pine-Tar-Honey**

The new and the true, is nature's most natural
remedy, improved by science to a pleasant, per-
manent, positive cure for coughs, colds and all
inflamed surfaces of the Lungs and Bronchial
tubes. The severe, weary, cough-worn Lungs are
relieved; the mucus-clogging mucous is cut
out; the cause of that tickling is removed, and
the inflamed membranes are healed and soothed
so that there is no inclination to cough.

Over 4,000,000 bottles were sold during 1904 on an absolute guarantee.
The success is evidence of the merits of a proprietary
medicine, the opinion of the consumer. Here is the record:
Over Two Million Bottles in 1902. Over Three Million Bottles in 1903.
Over Four Million Bottles in 1904. This evidences the opinion
of the consumer regarding the merits of Dr. Bell's
Pine-Tar-Honey, best cough medicine on the market.

NEWS OF OHIO

Nan Patterson's Sister and Brother-in-Law Arrested

CLEW IN A MURDER MYSTERY

Mrs. Chadwick's Cell Number—Coshocton County Forest Fire—Day's State Affairs.

Cincinnati, March 30.—(Bulletin)—Detectives this afternoon arrested Joseph Morgan Smith and wife, Julia, brother-in-law and sister of Miss Nan Patterson, the actress, who is charged with the murder of Caesar Young in New York. The arrest was made at the request of the New York detective agency on the charge that they had been indicted for assisting the actress to secure a weapon with which Young was killed.

Clew in Murder Mystery.
Cincinnati, O., March 30.—An entirely new clew has been discovered in the Alma Steingeweg murder mystery, and it is considered so important that the detectives have suddenly resumed work on the case. It is asserted that a warrant may be issued soon charging a certain person with the crime and that an arrest will follow immediately.

Mrs. Chadwick's Cell.
Columbus, O., March 30.—Mrs. Chadwick will probably draw cell No. 9 at the penitentiary, providing she is sent here soon. This is the only empty cell in the female department and it may be filled any day. Warden Gould said yesterday that he had no idea when she would be brought to the penitentiary. Once here she will be kept in close confinement and visitors to the penitentiary may not be permitted to see her.

Dr. Gladden Will Fight.
Columbus, O., March 30.—Notwithstanding the action of the prudential committee of the American Board of Foreign Missions in accepting Rockefeller's donation of \$100,000, Rev. Dr. Washington Gladden, moderator of the national council of Congregational churches, announced he will continue to protest against the acceptance of the Rockefeller money. "An organized movement to secure the judgment of the Congregational churches will likely be launched."

To Sell the College.
Lima, O., March 30.—Application was made in court by the trustees of the Lutheran State college for the sale of the handsome building, and a ten acre campus. The institution is heavily in debt and it is the desire to close an option held by J. B. Adkins, a wealthy oil operator, who with a company will conduct a private institution. The price agreed upon is \$16,500, which is but little more than half the cost of the original building.

Bomb Hurler at House.
Portsmouth, O., March 30.—A bomb was thrown against the house of William Webb of Harrison Furnace, O., and the house was badly shattered, doors burst open and all the windows blown out. The bomb fell short and the inmates of the house escaped injury. Webb fired several shots at two men, who ran, but failed to hit either. Webb has had trouble in the neighborhood.

Independent Telephone Men.
Columbus, O., March 30.—The annual convention of the Ohio Independent Telephone association is in session at the Hotel Hartman. Almost 200 delegates are present, besides a large number of visiting telephone men. Manufacturers of telephone apparatus have exhibits and there will be addresses on various subjects connected with telephony.

Fatal Wreck.
Alliance, O., March 30.—A Pennsylvania freight train jumped the track one mile east of here wrecking an engine and ten cars. Fireman O. Wicks of Crestline, in jumping, fell under the engine and was instantly killed; Engineer L. L. Wolf and brakeman Henry Schmit sustained painful but not serious injuries.

Forest Fires in Ohio.
Coshocton, O., March 30.—Forest fires are sweeping over more than 500 acres north and west of Coshocton. Men, women and children have done nothing for 12 hours, but fight the flames. Miles of fences and acres of forests have been burned. No dwellings have been burned.

Labor Leader Killed.
Akron, O., March 30.—The body of Charles Early, 50, formerly a well known politician and labor leader of this city, was found between the tracks at Clinton. His back was broken and it is believed he was struck by a train.

Meyer & Lindorf tells us they are showing four times as many silks as any season heretofore. The styles certainly are attractive. Much more so when you know the price.

A Fine Animal.
A yearling bull was purchased by William M. Beall at Pleasant Point, W. Va., and taken to his farm south of town Tuesday. The animal is a fine one and Mr. Beall paid a big price for him.

Case is Continued.
The case against Al Lotts, an East Newark saloonist, who was arrested for permitting a minor to be in his saloon, was continued in the mayor's court until Thursday afternoon at 2 o'clock.

Mt. Olive Encampment.
A special meeting of Mt. Olive Encampment, No. 12, I. O. O. F., will be held this evening for the purpose of conferring the Patriarchal and Golden Rule degrees. All candidates are asked to be present.

New Gas and Oil Company.
The Mt. Vernon Gas and Oil company, Mr. Vernon, capital \$10,000 was incorporated at Columbus Wednesday by F. H. Huntsberger, D. B. Grubb, L. L. Singer, Rollin McInture and Alfred H. McIntire. The company will develop oil and gas lands in Knox and Licking counties.

Business Booming Here.
"P. P. Kennedy, vice president of the Newark Trust company, was calling on Columbus bankers yesterday. Mr. Kennedy said that business in Newark is booming, all manufacturing plants running full and some over time, and large business in retail trades. Thursday's Ohio State Journal.

Connects With Trolley Line.
The new automobile which Mr. N. M. Brown has bought to operate between Pataskala and Elma, as given in this paper Wednesday, is a 20 horse power gasoline machine, and will accommodate five people. The vehicle is provided with a top and will make the run regardless of the kind of weather.

Second Presbyterian.
Last night's service was largely attended. Mrs. C. W. Miller sang beautifully "The Ninety and Nine." These special services are "times of refreshment from the Lord," and a fitting preparation for the celebration of the communion next Sabbath morning. Tonight, service at 7:30. Come and bring a friend.

Driver Saved the Boy.
Hayden Hammond, aged 7, son of Edgar Hammond, of Eleventh street, had a narrow escape from serious injury about 1:30 Thursday afternoon. In attempting to jump upon Vogelmeier's dray as it was passing the Central fire department, he slipped and caught his left foot in the wheel. Prompt action on the part of the driver saved the child from serious injury.

Music Committee Named.
At a meeting of the Bible classes of St. Paul's Lutheran Sunday schools, the following permanent musical committee was appointed: Messrs. D. S. Swingle and H. P. Kutz, Mrs. H. H. Harris and Misses Nellie Turner, Alice Beckman, Edith Looker and Bessie Tafel. The duties of the committee will be numerous, among them the securing of new hymn books for the various Bible classes, for use in the Sunday school and other meetings, and the furnishing of library books for the primary classes.

Mr. Cunningham Honored.
Mr. Wm. M. Cunningham, past grand high priest of the Grand Chapter of Ohio, is just in receipt of a letter from Robert Simpson, secretary of Thatcher Chapter No. 161 Royal Arch Masons of Cleveland, O., informing him that at the stated convocation of Thatcher Chapter he was by a unanimous vote, elected an honorary member thereof. This honor was conferred upon Mr. Cunningham because of his long and faithful service in the interest of the order and his close attachment to the father of the Cleveland Chapter. Companion Robert Thatcher.

Sunfish Club's Outing.
The Sunfish club had its regular bi-weekly outing at Bruno on Wednesday and after enjoying the afternoon in various amusements were

served with a fish supper. Forty members were in attendance.

Beat His Wife.
Fanny Frost filed an affidavit in Squire Lake's court charging her husband, Occola Frost, with assault and battery. The case will be heard this afternoon. The man was released under a \$50 bond.

Albaugh Fined.
Thomas Albaugh was fined \$10 and costs by Mayor Crilly Thursday morning for assault and battery preferred by Hamilton Griffith. The case resulted from a fight between the two men Sunday on Mount street. The case was dismissed from Squire Lake's court on account of the prosecuting witness failing to appear.

Awaiting Affidavit.
The case against Frank Poletti, the Hungarian who was mixed up in the putting scrape at Wehrle's laundry, was brought out before Mayor Crilly Thursday and upon investigation the prisoner was held for an affidavit. The case will be heard Friday. Both the prisoner and the man who was not getting along nicely.

At Bolton's Barn.
Louis J. Bolton will remodel and repair the exterior and interior of his barn on South Third street. He purchased three new horses on Tuesday and new rigs of every description. The vehicles were purchased at home of Messrs. Weiss & Phalen, and the harness was purchased of J. S. Oxley. He will open on Sunday.

To Drill Gas Well.

More Absorbing Than a Book of Fiction

Is the tale the Savings book tells when you are in need of cash?

It's a tale never too long, nor its pages too many, and the long row of figures so dry in other books, are intensely interesting.

But in order to enjoy its pages, each man must own his own book. The way to do this is to open an account with "The Old Home," where 3000 people deposit their surplus earnings.

Berlin, March 30.—The German foreign office authorizes your correspondent to state that no peace negotiations have been begun between Russia and Japan, and there is no indication of any negotiatory desires to enter into negotiations. All that has happened is this: Certain neutral powers have endeavored to ascertain the conditions wherein it is possible to initiate negotiations. Neither belligerent, however, has any official knowledge of these endeavors.

Mother's Friend

To be beautiful is to be loved by all. If there lives the woman who is indifferent to this she is yet to be heard of. Yet from time immemorial society has recognized that they thought to be a detriment: in the way of such a realization. The bearing of children has meant to them the marring of physical beauty of figure, without which beauty of face would be of little account. Nothing could be more remote from truth than this; childbirth is purely a natural phenomenon, accompanied by pain, to be sure, but if properly managed no more harmful in its effects upon the human form than any other natural function.

MOTHER'S FRIEND

Is essential in the proper management of every case of labor; it relaxes and softens the abdominal muscles, thereby enabling them to sustain the stretching that they must undergo, and from this very fact it facilitates their return to normal proportions after childbirth, and it is obvious that pain must be greatly lessened from this very reason.

"It is a liniment, it is harmless, it is potent, it is priceless in its results, it is Mother's Friend. \$1.00 per bottle at drug stores. Our book of priceless value sent free to all women."

OLD BLUE WILLOW

We have just received from England a lot of this famous Old Blue Willow Ware. This pattern was originated and manufactured by the Chinese over two thousand years ago and was introduced into the English potteries about the eighteenth century. Blue Willow is very popular now, being an under glazed decoration and printed on the highest grade of English Porcelain and are very moderate in price. We carry it in open stock and can be matched as ready as white ware in years to come.

DAVIS-HUTZELL WEDDING TOOK PLACE WEDNESDAY.

Bucket Brigade Prevents Fire—New Councilman—New Business House. Personal Items.

Hebron, O., March 30—The wedding of Miss Mary Hutzell to Mr. T. J. Davis of Columbus took place at the home of the bride's mother, Mrs. Sarah Hutzell yesterday afternoon at two o'clock.

At a meeting of the council Monday evening, P. E. Kirk was chosen to fill the place made vacant owing to the resignation of C. W. Swisher.

The cry of "fire" just about noon Monday, causing much excitement in our village. A spark from a passing freight engine on the T. & O. C. railroad ignited with some fodder that was in close touch with the grain elevator of J. P. Eversole, and what might have been a disastrous conflagration was narrowly averted by the timely aid of the "bucket brigade."

Miss Ruby Clifton has accepted a position as day operator with the Bell exchange, now located in the west room at I. O. O. F. building. Stanley Mitchell, son of Rev. B. M. Mitchell is night operator.

The new business house in course of erection by Bader and Wilkin of Newark, is now nearing completion and adds much to the beauty of the center of the village. It will be open for business April 1st.

One of our near-by farmers has quite a "freak" in the shape of a six-legged lamb.

Isabelle, the little daughter of Mr. and Mrs. Converse Smith is very ill and her death is momentarily expected.

Mildred Lees is lying very ill at her home on West Main street.

T. H. Minthorn and daughter, Mrs. F. S. Cully, are both confined to their rooms with sickness.

Mr. and Mrs. Bert Cain delightfully entertained on Thursday with a "thimble" party. Covers were laid for Mr. and Mrs. Cunningham, Mr. and Mrs. Koehendorfer, Mr. and Mrs. P. P. Comisford, Mr. and Mrs. Price, Mr. Steve Gill, Miss Mame Adams, Miss Mary Frank Gill, and Master Charles and Flavia Comisford.

Messrs. C. C. Hughes and D. C. Burch, traveling salesmen, were in town Monday.

There will be a business meeting at Church of Christ Saturday, April 1st, at 2 p. m.

The fourth number of the Hebron lecture course will be given on the evening of March 29th at I. O. O. F. hall by Robert S. Seeds. Subject, "The Mistakes of Life Exposed."

Thomas Kissinger has opened up a blacksmithshop on the East Side.

The regular meeting of the Old School Baptists will be held at the M. E. church Saturday and Sunday, April 1 and 2.

L. H. Bounds and family of Buckeye Lake spent Sunday with Mr. and Mrs. Isaac Stocumb on Main street.

March has been an ideal month and quite a number of people have taken advantage of the lovely weather by moving before April 1st, which is generally the time to make the "change."

Hebronites were greeted this week with the usual spring musical notes from the "rag and rubber" man, who informed his customers that there is liable to be an advance in the price of rubber. Now we would suggest to those who put in the greater part of their time "rubbering" that it would be well to renew the old neck before the advance comes.

Mrs. Perry Tygard spent Tuesday with her parents, S. E. Crist and wife.

Mrs. William Scheuman of Thurston is the guest of J. W. Oldaker and wife.

Mrs. J. P. Eversole and Mrs. M. D. Chism spent Monday with friends in the country.

P. P. Comisford and family spent Sunday at D. P. Burch's on East Main street.

The condition of Mrs. Brown, wife of T. and O. C. Agent Edgar Brown, is quite serious now. She is suffering with tuberculosis.

JACKSONTOWN

BUDGET OF PERSONAL AND NEWS ITEMS OF INTEREST.

Mrs. B. M. Irwin is Quite Ill—Literary Society Meeting—Town Orchestra is Entertained.

The many friends of Mrs. B. M. Irwin will be pained to learn of her serious illness at her home on Main street. Dr. Clemson of Thornville, was called to the home Monday in consultation with Dr. J. W. Whittus, the attending physician. Mrs. Irwin was slightly improved at this writing, and her friends hope for her speedy recovery.

The literary which was held at the hall on Saturday evening was a success in every particular, and was enjoyed by a large crowd. The question which was debated, "Resolved, that the government should control the railroads," was ably discussed by Stanley E. Crow and Arthur K. Buell on the affirmative and L. Earl Fullerton and William H. Osburn on the negative side. The question was decided in favor of the affirmative.

The next literary is expected to be held April 8, at the Jacksonstown hall, when Thornville will debate against our home boys, and which no doubt will be a very interesting debate.

WEDDING

Of Mr. Gary Varner and Miss Bertha Sunderland at Rev. H. N. Miller's Home Thursday.

Mr. Gary Varner, a prominent young member of the Wehrle family, and Miss Bertha Sunderland, the highly esteemed and only child of Mr. and Mrs. Fred Sunderland, were united in marriage at 8 o'clock Thursday morning at the parsonage of Rev. Newton Miller. The bride looked beautiful in a gown of brown silk.

After the words had been said which joined their young lives together, they returned to the bride's home, and after donning their traveling suits left immediately for several northern cities. They will stop with friends in Toledo, for a week or ten days, after which they will return to be at home to their many friends at the bride's parents on West Main street.

The young couple have a host of friends who wish them prosperity and happiness.

BEEF INVESTIGATION

Witnesses Before Chicago Grand Jury are Shadowed by Sleuths—Ten Men Testify.

Chicago, March 30.—Ten witnesses, several of them employed by Chicago packers, were heard at the session of the special grand jury which is investigating the business transactions of the so-called beef trust. All of these men were subjected to a rigid examination as to whether they had been approached by outsiders since being called as witnesses. From a federal official it was learned that several witnesses had been approached, and as soon as the proof is in the hands of District Attorney Morrison it is said that indictments will be returned. John E. Shields, government witness in the case against Thomas J. Connors, Armour's general superintendent, indicted on a charge of trying to influence a witness, was put under \$1,000 bonds to appear at the July term of the United States district court, when the Connors case is set for hearing. Secret service men have increased in numbers so rapidly that now almost every witness of consequence is being shadowed.

Cattlemen Will Help.

El Paso, Tex., March 30.—The following statement with reference to the resolution of Texas cattlemen to give all possible evidence in the investigation of the so-called beef trust was issued by President W. W. Turner of the Interstate Cattle Growers' association: "Ninety-nine per cent of the cattle growers of the country believe there is an illegal combination having for its end the stifling of competition and the controlling of 98 per cent of the cattle shipped to the six great slaughtering markets, Chicago, Kansas City, St. Louis, Fort Worth, Omaha and Los Angeles, and they are ready to help the government and will help it all they can to break up this monster. It can be done, and the cattlemen will help."

HAYMAKERS

PLANNING TO HAVE JOLLY TIME FRIDAY EVENING.

Newark, Mt. Vernon, Mansfield, New Lexington and Other Towns Will be Represented.

Zanesville, O., March 30.—The Haymakers of this city have planned upon a big time here tomorrow evening. About 30 Red Men will be put through the degrees necessary to make them Haymakers. In other words they will "make hay." The exercises, which will be attended by Haymakers from all of the surrounding towns, will be held in the lodge quarters in the Shinnick block. A big banquet will follow the exercises of the evening.

Among the cities and towns which will send delegations to Zanesville on next Friday evening are Newark, Mt. Vernon, New Lexington, probably Mansfield, Crooksville, Roseville, Boswell and others. It is expected that there will be several hundred visitors in the city on that occasion. It is possible that the evening's "doings" may be started with a big street parade, although it is not definitely decided upon.

BOTH BOYS FINED

One Had Insulted Another While He Was Walking With a Young Woman Wednesday Night.

On the slate at the police station Thursday morning, were two names, Lewis Barker and Benjamin Franklin, both were charged with fighting. Behind this bare statement of the arrest is a story of how one young man avenged himself of an insult flung at him by another youth while walking with a young lady Wednesday night.

Neither of the names were those used by the men in everyday life, but were hurriedly appropriated for the occasion. Barker was walking with his sweetheart near the Auditorium, when Franklin made an insulting remark. He was told that the matter would be settled after the show. The two met in front of the interurban office and the young lady was sent into the waiting room while the settlement occurred. Unfortunately Officer Howard happened along at this moment and both were arrested. The young men pleaded guilty Thursday morning, and were fined \$5 and costs, each leaving the court feeling that he got value received for his money.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Neutro's Herpicide—absolutely harmless, free from grease, sediment, dirt matter or dangerous drugs. It always itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

BUT WHEN HE SAW THE GIRL HE DESTROYED IT.

Delaware County Farmer Didn't Know the Pink Scented Notes Came From Infirmary.

Delaware, O., March 30.—David Johnson, a young farmer from Concord township, got a marriage license yesterday to wed Miss Marey Nisely, who had been mailing her letters to him from Kilbourne, near the county infirmary. When he reached the village he discovered that the girl was an inmate of the institution and had been for the past two months. When he presented his license to the superintendent he tried to patch up his troubles and apologize for the condition of affairs, but after a meeting the county trustees refused to let him see the young woman.

The girl had neglected to tell her lover that she had been in charge of the county, whereupon Johnson returned to his own home after destroying the legal document.

NOVEL QUESTION

Has Referee Rogers to Decide—If Mortgaged Stock Eats Mortgaged Grain, What?

Columbus, O., March 30.—C. M. Rogers, referee in bankruptcy, has a novel question to decide at the meeting of the creditors of Lawrence J. Leonard, to be held April 6.

The question is: "If horses and cattle which are mortgaged eat mortgaged corn, which mortgage becomes superior?"

There are fifty head of horses and several cattle which have been mortgaged to the Central bank of London and they devoured the larger part of 1000 shocks of corn, which had been mortgaged to Alice Downing, also of London.
